

Getting to Janowen Hills 4WD Park

Drive from **Brisbane** towards **Warwick**. After the town of **Aratula** you will proceed up through **Cunningham's Gap**. After Cunningham's Gap, drive approximately 22 kilometres until you reach the site of the **Gladfield Driver Reviver**. This will be on the right-hand side of the Cunningham Highway.

At the Driver Reviver site, turn right on to **Allora – Goomburra Road**. After about 1.5 kilometres this road makes a turn to the left (west). Follow this road towards **Goomburra**. **Clintonvale – Goomburra Road** intersects from the left about 4 kilometres from this point. Ignore Clintonvale – Goomburra Road and follow the road around a right-hand bend and drive to Goomburra. The distance from the Gladfield Driver Reviver to Goomburra is approximately 10 kilometres.

Once in Goomburra, turn right on to **Inverramsay Road**. Follow this road towards the **Goomburra State Forest**. After about 15 Kilometres call us on channel 16 UHF, because just after you cross the second concrete causeway over a small creek, you will turn up and to the right and immediately see the gate to our campsite on your right-hand side (*for those who play with a GPS, approx 27°59'42"S 152°15'12"E or UTM56S 00426581 06903127*). It is **VERY** easy to miss. If you continue up the hill and see the sign indicating the entrance to the 4WD Park you have gone too far, turn around and come back down the hill. There is a track between the entrances but the owner often has it closed off.

Set up camp in the main campsite. We will sort out the registration fees later when the park owner comes out and collects the camping fees. Please have cash available, as there are no credit / EFTPOS facilities available. We will have a limited number of shower tokens available but we can't guarantee that they will be available at night.

The phone number for Janowen Hills 4WD Park is (07) 4666 6207 in case of emergency contact. There is currently no mobile phone reception in the area.
